Prudent management is very important in the building of long term wealth-creating businesses. Hungry for Growth and Growth never comes cheap. Buy and rotate strategy beats both active and passive investment styles. Appreciation of capital should be consistent and permanent (PAC) While depreciation of capital of capital should limited and temporary (TDC)

Investment Approach

We believe investing success is an outcome of making good decisions consistently over a long period of time. Good decisions are those which are made "objectively, free of any bias", considering "probability of outcome" and factoring "risk reward". We believe in investing in good growth businesses, managed by great managements at fair valuation.
